

# SENTINEL LEADS THE WAY

## PROVIDING B2C BUSINESS MANAGEMENT SOLUTIONS

December 1, 2008

**Montreal-** The team at PcVoyages 2000 Inc. takes great pride in providing business solutions for travel agencies.

For more than 20 years the managers, programmers, engineers and support staff have strived to help the travel agent's world a better place, while giving the accountants and directors the upper hand in managing the day to day operations of the business.

By extension, this commitment to a user friendly approach on product development has helped business ownership save money. One of the many products at PcVoyages that help travel agencies save money is Sentinel.

A pre-eminent leader in B2C business management, Sentinel offers web based clients the ultimate business tool to manage their e-business.

The complete automation of the batch conversion process, allows for a fast and dependable transition of data from the front office straight to the back office, all done in a seamless and secure environment.

The fully automated processing system means increased profitability for your B2C business. Orders are processed quickly, while data distribution is done efficiently, accurately and securely.
